Spatio-temporal Distribution of Earthquake Disaster in the Belt and Road Area in 1996

Data Documentation

I. Dataset/atlas content features
   i. Abstract
      This dataset described the distribution of earthquake disasters in countries along the Belt and Road in 1996, which mainly record the seismic location, earthquake grade, seismic wave coverage and range information. They were collected and organized by the Institute of Geographic Sciences and Natural Resources Research, Chinese Academy of Sciences. This dataset was composed of 16 vector files. They could be used to study the occurrence and distribution of earthquake disasters, and provided an important basis for preventing earthquake disasters and reducing the negative impact of earthquake disasters.
   ii. Elements (content fields)
      This dataset was named as “Spatio-temporal Distribution of Earthquake Disaster in the Belt and Road Area in 1996”, which included 9 data files. There are mainly 1 data name for different years and they are described as table 1.

iii. Temporal cover
1996
iv. Spatial cover
This dataset covered all countries in the belt and road. Countries involved include Mongolia, Russia, China, Singapore, Indonesia, Malaysia, Thailand, Vietnam, Philippines, Cambodia, Myanmar, Laos, Brunei, East Timor, India, Pakistan, Sri Lanka, Bangladesh, Nepal, Maldives, Bhutan, United Arab Emirates, Kuwait, Turkey, Qatar, Oman, Lebanon, Saudi Arabia, Bahrain, Israel, Yemen, Egypt, Iran, Jordan, Syria, Iraq, Afghanistan, Palestine, Azerbaijan, Georgia, Armenia, Poland, Albania, Slovenia, Bulgaria, Czech Republic, Hungary, Macedonia, Serbia, Romania, Slovakia, Croatia, Bosnia and Herzegovina, Montenegro, Ukraine, Moldova, Kazakhstan, Kyrgyzstan, Turkmenistan, Tajikistan, Uzbekistan.

II. Subject/industry scope of dataset/atlas
   i. Subject scope
      Basic Disaster information
   ii. Industry scope
      Environmental and Textile
   iii. Other classifications (optional)

III. Accuracy of dataset/atlas
   i. Time frequency
      Monthly
   ii. Spatial reference, accuracy, and granularity
      This dataset used the WGS1984 coordinate system with a minimum time interval of one month.
IV. Dataset/atlas storage management
   i. Data quantity
      The volume of the dataset is 79.9 MB.
   ii. Type format
      This dataset was stored in hard disk with formats of .shp.
   iii. Update management
      Unscheduled update.
V. Quality control of the dataset/atlas
   i. Production mode
      First, we downloaded earthquake disaster data through the USGS website. Then, we used ArcGIS software to load the obtained data and made corresponding thematic maps according to the year. Finally exported the map.
   ii. Data sources (condition selection)
      The original data was from the USGS official website.
VI. Sharing and usage method of the dataset/atlas
   i. Sharing methods and restrictions
      Full and open sharing.
   ii. Contact information of the sharing service (condition selection)
      Online link address:
      Contact Information for Service:
      Name: Service group of Disaster Risk Reduction Knowledge Service System of IKCEST
      Address: 11A, Datun Road, Chaoyang District, Beijing, 100101, China, Institute of Geographic Sciences and Natural Resources Research, CAS.
      Zip Code: 100101
      E-mail: ikcest-drr@lreis.ac.cn
   iii. Conditions and methods of usage
      This dataset can be opened using ArcGIS.
VII. Intellectual property rights of the dataset/atlas
   i. Property rights (optional)
      Intellectual property of the dataset belonged to Institute of Geographic Sciences and Natural Resources Research, CAS.
   ii. Reference method of the dataset/atlas
      Inversion dataset of Spatio-temporal Distribution of Earthquake Disaster in the Belt and Road Area (1996). Disaster Risk Reduction Knowledge Service of International Knowledge Centre for Engineering Sciences and Technology (IKCEST) under the Auspices of UNESCO, 2019.5.21.
   iii. Usage contacts of the datasets/atlas
      Name: Service group of Disaster Risk Reduction Knowledge Service System of IKCEST
      Address: 11A, Datun Road, Chaoyang District, Beijing, 100101, China, Institute of Geographic Sciences and Natural Resources Research, CAS.
      Zip Code: 100101
      E-mail: ikcest-drr@lreis.ac.cn
VIII. Others (optional)
      In addition to the above, other information must also be explained.
